Application overview

1.1 About Riverside Foundation and the Community Fund

The Community Fund supports projects and activities helping people thrive in their homes by improving the quality of life of Riverside/One Housing customers and the wider communities in which they live.

1.2 How much funding is available?

- Small community grants - up to £3,000
- Large community grants – over £3,000

1.3 What’s the maximum amount that we can apply for?

There is no specified maximum amount for an application. However, we need to ensure that funds awarded are providing the best possible value on behalf of our customers.

1.4 Who can apply?

We welcome applications from charities, not-for-profit organisations, clubs, constituted groups, informal groups, and individuals.

If your group does not fall under these categories, please contact a member of the communities team to discuss before applying.

1.5 How to apply

All applicants must first complete the self-evaluation checklist to ensure they meet the criteria before applying. If the criteria is met, all applicants must fully complete and submit a small grants or large grants application form.

1.6 Funding criteria

Applications must align with the Foundations strategic themes. The themes, descriptions of the themes and examples of potential projects within the themes are set out in the Self-evaluation checklist. In addition:

- Projects and activities must benefit Riverside/OHG households and the communities in which they live and while it isn't a requirement that projects focus solely on Riverside/OHG communities, the proportion of those benefiting who are Riverside/OHG customers must be no less than 50%.
- Projects and activities must demonstrate a strategy to engage Riverside/OHG customers
- Match funding will be welcomed, particularly for the large grant applications, however we recognise that community groups making smaller applications may not be able to access match funding
- Applications must demonstrate sustainable outcomes with a clear plan for when the Foundation funding ends, either an ongoing funding strategy or an exit plan

We will not fund:

- Applications to cover the running costs of existing projects
- Spending that has already taken place (i.e., retrospective funding)
- Individual sponsorship or redistribution of a grant to individuals or other organisations
- Applicants who have received Foundation funding in the same financial year, except under exceptional circumstances or where a pilot project has been funded. Applicants must be able to demonstrate the value of a different activity to be considered.
- Applicants who have not provided the agreed monitoring information following previous funding
